"Sweet Melody Flour
ABSOLUTELY
PURE WATER

Is the Francis Mineral Water and Guar-
antee Goes With It—Positively Pro-
tected From All Germs, Filth
and Surface Water.

The Francis mineral water is highly
recommended by leading physicians for
its medicinal qualities as well as its
purity, and there is no other water on
the market so appropriate to drink
during the summer months, when dis-
eases are more or less prevalent. There
is considerable typhoid fever in Clarks-
burg now, and it is dangerous to drink
water from wells that are not protected
from germs, filth and surface water.
Francis Brothers have taken great care
with their three mineral wells and have
them perfectly cased, so that it is ab-
solutely impossible for germs to get in
the water. Cleanliness is observed
strictly as an inspection of the sur-
roundings of the wells show. There is
nothing around or near them that would
lead to the slightest suspicion that the
water is not absolutely pure, like there
is about other wells, mineral or not.
They guarantee their wells to be the
best protected from germs of any well
in the country and with every bottle
there is a positive guarantee that there
are no germs in the water. All should
be interested in protecting their health
and taking precautions against conta-
gious diseases. They can feel assured of
this by using Francis mineral water
with which there is a guarantee that it
is not only absolutely pure but the pure-
st water on the markets, all attempts
to the contrary notwithstanding to
make it appear that other waters are
just as pure. They invite and earnestly
court an inspection of their wells, an
analysis of the water, and a comparison
with other mineral wells, knowing that
there are the best in the country. a8-6t
